## **MAJOR**

This plan consists of 9 credits of introductory biology (BIOL 100-102) and a 24.5-credit concentration in biology at the 200-level and higher. The biology concentration consists of an 13.5-credit core - BIOL 203, 300, 303 - and 11 credits of electives. Together, introductory biology and the concentration (33.5 cr) satisfy the major requirement for certification as a teacher of biology in grades 7-12. Additional science and math requirements for Major I: CHEM 102, 104, 106, 222, 223, 224; PHYS 110, 120 (or 111, 121); MATH 150; MATH 155 or STAT 213.

## **Concentrations Within Major**

Students also have the option of pursuing concentrations in Behavioral Neurosciences, Bioinformatics and Biophysics. These concentrations are slightly more rigorous than the basic Major 1. Interested students should speak with a biology adviser as soon as possible to plan their courses accordingly.
